

Welcome to OWASP Algiers Introductory Webinar

OWASP Foundation

The **O**pen **W**orldwide **A**pplication **S**ecurity **P**roject (Previously known as Open Web Application Security Project), is a worldwide community that produces freely available articles, methodologies, documentation, tools, and technologies in the field of application security.

The OWASP provides free and open resources. It is led by a non-profit called The OWASP Foundation.

Open community dedicated to enabling organizations to conceive, develop, acquire, operate, and maintain applications that can be trusted. All projects, tools, documents, forums, and chapters are free and open to anyone interested in improving application security.

The OWASP Foundation launched on December 1st, 2001, becoming incorporated as a United States non-profit charity on April 21, 2004.

OWASP Foundation

For two decades corporations, foundations, developers, and volunteers have supported the OWASP Foundation and its work.

Main Programs:

- Community-led open source software projects
- Over 250+ local chapters worldwide
- Tens of thousands of members
- Industry-leading educational and training conferences

OWASP Vision: No more insecure software.

OWASP Mission: To be the global open community that powers secure software through education, tools, and collaboration.

OWASP Foundation

As the world's largest non-profit organization concerned with software security, OWASP:

- Supports the building of impactful projects;
- Develops & nurtures communities through events and chapter meetings worldwide; and
- Provides educational publications & resources.

OWASP Core Values:

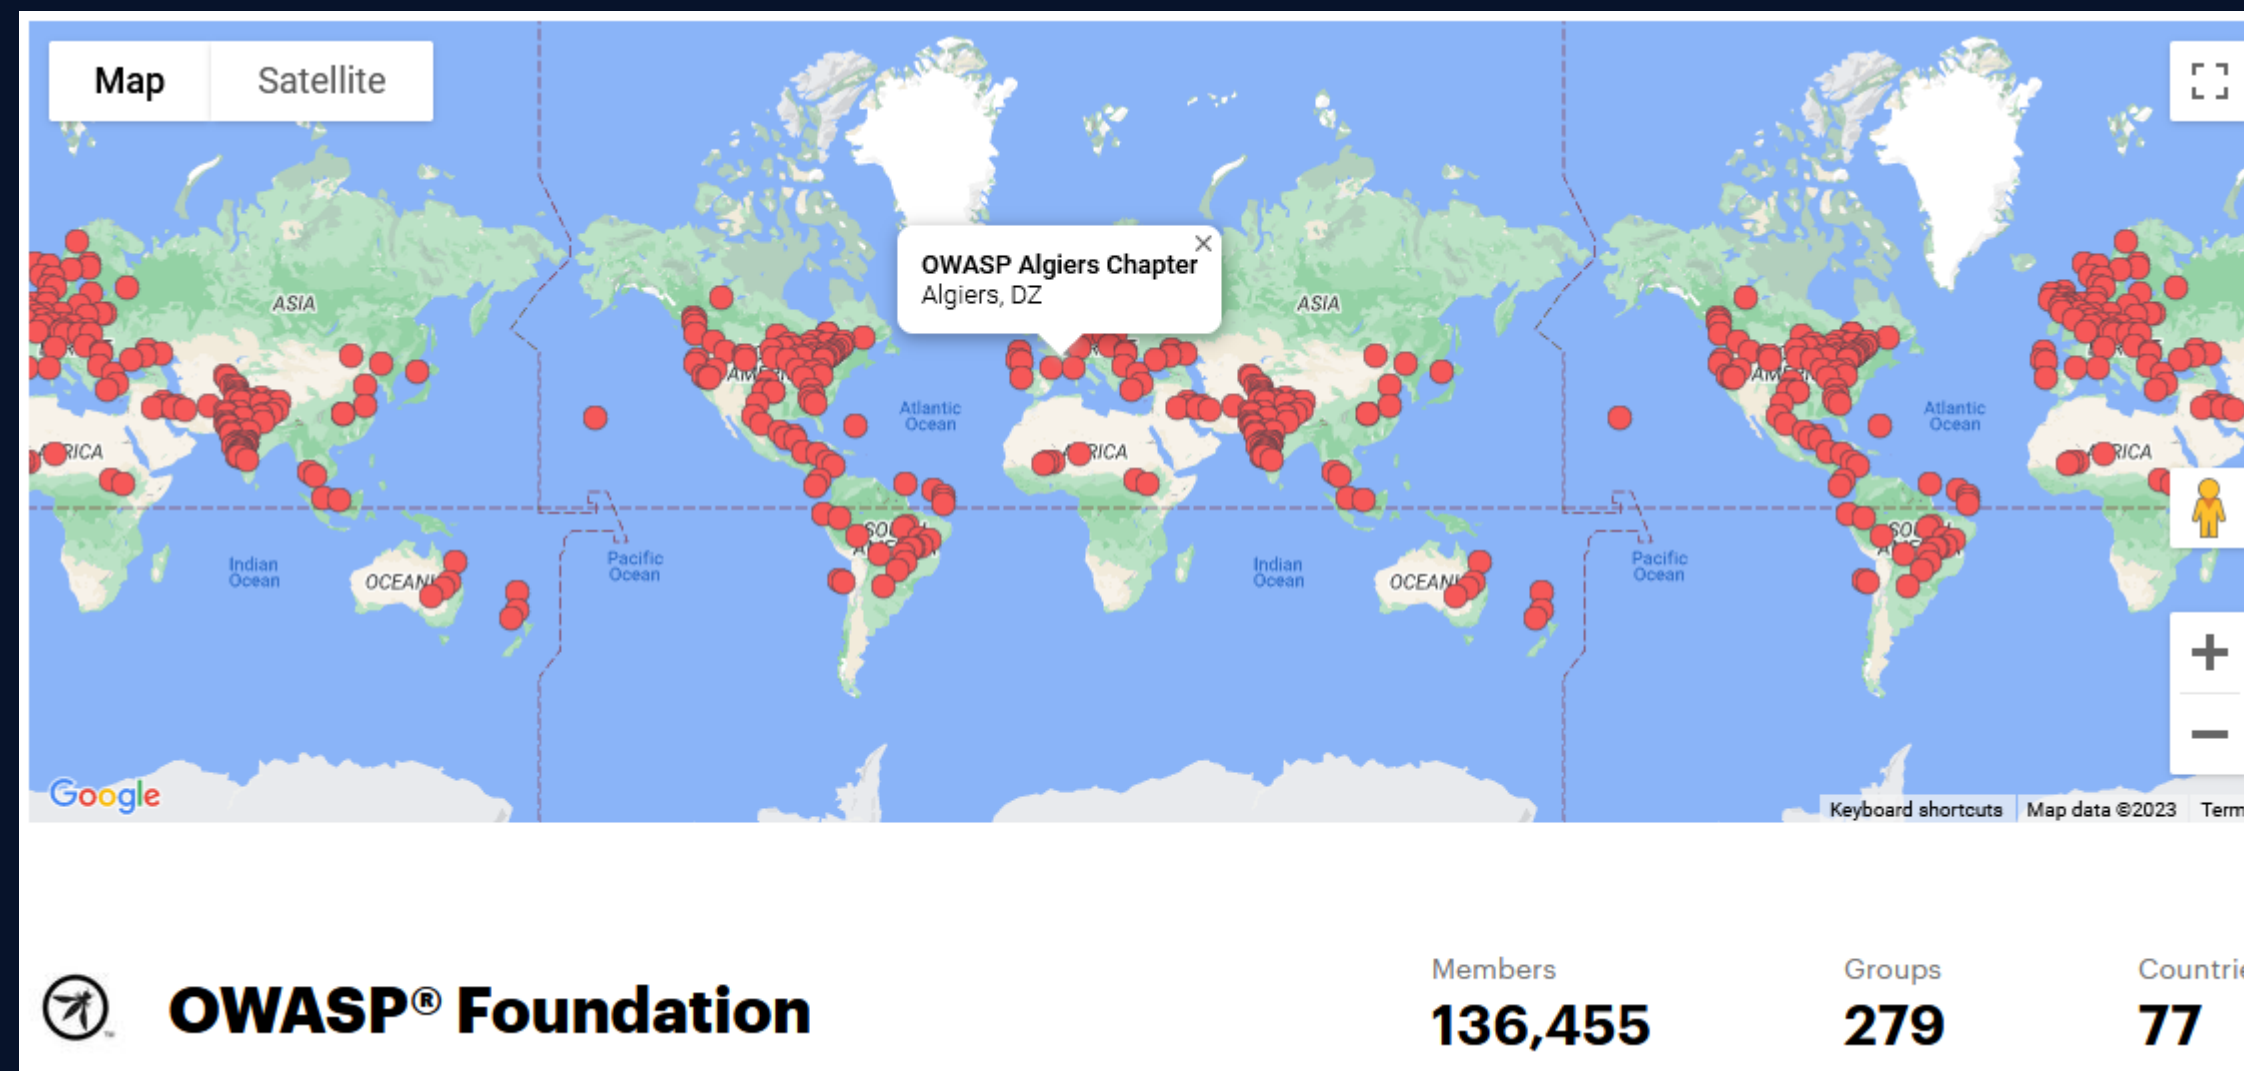

- **Open:** Everything at OWASP is radically transparent from our finances to our code.
- **Innovative:** We encourage and support innovation and experiments for solutions to software security challenges.
- **Global:** Anyone around the world is encouraged to participate in the OWASP community.
- **Integrity:** Our community is respectful, supportive, truthful, and vendor neutral.

OWASP Algiers Chapter

OWASP Algiers Chapter

Our mission is to enrich Algeria's application security community and strengthen the cybersecurity landscape across the nation. With a commitment to knowledge sharing, collaboration, and cutting-edge practices, we aim to empower individuals and organizations in their journey towards robust cybersecurity.

At OWASP Algiers Chapter, we believe in the power of collective knowledge and the importance of building a strong cybersecurity community. Our events, workshops, and activities are designed to provide a platform for professionals, enthusiasts, and beginners to learn, connect, and contribute to the ever-evolving field of cybersecurity.

OWASP Algiers Chapter

OWASP Local Chapters build community for application security professionals around the world.

Our Local Chapter Meetings are free and open to anyone to attend so both members and non-members are always welcomed. Local meetings include:

- Training to improve your skills
- Talks relevant to your work
- Networking opportunities

We hope you can join us in accomplishing this mission. Whether you are an experienced cybersecurity professional or someone new to the field, there's a place for you here. Together, we can make a difference in the security landscape of Algeria.

OWASP Algiers Upcoming Content

What you can expect from our chapter?

Our Local Chapter will ensure bringing the best in the industry for:

- Training sessions to improve your skills
- Talks, conferences, webinars relevant to your industry
- Networking opportunities with Algerian experts and global professionals
- Awareness and industry news

We hope you can join us in accomplishing this mission. Whether you are an experienced cybersecurity professional or someone new to the field, there's a place for you here. Together, we can make a difference in the security landscape of Algeria.
